E-COMMUNICATION

Lord, we Pray for our Nation that we would be one nation under God in action. We pray for our Government and it's Leaders, we ask you to bless them with wisdom to make decisions based on righteousness and justice for all mankind, especially for those in the womb. May their hearts be softened toward You and may they stand strong on the strength of Your Word during times of trial and tribulation. We pray for those who co-labor with us... Thank you for them and for their heart to support the work of your heart for the unborn and lost. Bless them and keep them from harm, may you continue to open their eyes to the enormous love You have for them, May they lack no beneficial thing in You and may their children be blessed to a thousand generations. We ask in Jesus name... Amen

We are about our Father's business... at any given time you could find new volunteers in training... client advocates teaching pre-natal education and new parenting skills and much more... our nurse giving a child birth instruction class (you may hear laughter coming from that room at times...could it be that some education of what to expect, some basic hands on skills and the peace of God brings a merry heart and takes the fear out of the unknown?) For many of our clients they have not had the role models needed to share healthy expectations for child birth and parenting. But praise be to God here at CPCS we are able to share God's perspective regarding birth, life and parenting. Our Newsletter will be coming out mid-August. Watch for more about CPCS and our Father's business.

To all who support us in prayer and finances to be about our Father's business at CPCS... **THANK YOU!**

PRAISE THE LORD!!!

GOD IS WORKING IN THE LIVES OF OUR CLIENTS:

One couple shared some relationship problems they were having with family members. Their counselor urged them to start praying together as a couple and asking God how to resolve the problems. Although they found it awkward, the couple started praying together and to their delight, God almost immediately started healing their family relationships. *Now they are more eager than ever to learn more about God and prayer.*
